

RATION GUIDE

PROCESSED FOODS:

Blue Stamps: Y2, Z2, A1, B1, C1, now valid, expire August 31.
D1, E1, F1, G1, H1, now valid, expire September 30.
I1, K1, L1, M1, N1 now valid, expire October 31.
O1, Q1, R1, S1, T1 now valid, expire November 30.

MEATS AND FATS:

Red Stamps: Q2, R2, S2, T2, U2, now valid, expire August 31.
V2, W2, X2, Y2, Z2, now valid, expire September 30.
A1, B1, C1, D1, E1, now valid, expire October 31.
F1, G1, H1, I1, K1, now valid, expire November 30.

Sugar: Sugar Stamp 36, good for 5 lbs., expires August 31.

Shoes: Airplane Stamps 1, 2, 3, and 4 now good. No. 4 became valid August 1.

Gasoline: A-16 coupons valid through September 21.

COLORS DOTS

A large crowd attended the annual revival service at the Gallie Baptist Church last Sunday. Rev. F. W. Black, pastor of the church, was the guest speaker during the day. The Gallie church choir rendered music during the morning service and the Promise Land choir rendered music at the afternoon service. Rev. M. Cook, of Baltimore, was the guest speaker at the 8 P. M. service.

Revival services will begin at the following churches this Sunday: Mount Shiloh Baptist Church at Spout Springs; Canaan, Morning Star, Mount Zion at Red House, and Mount Zion at Rockingham. All places will be held at the 8 P. M. service.

The young men's business club met at the home of George Tibbs last Friday evening with George Benley as host.

All bodies of Appomattox County are invited to attend the sewing class conducted at the Carver High School each Monday evening from 7 to 9 P. M. Miss J. M. Fisher, home economics teacher, will conduct the class. The classes will be conducted in the home economics department of the Carver High School.

Mrs. Bettie Flood has returned home here after spending some time in Baltimore.

Mrs. Katie Morgan, of Washington, D. C., spent the week-end as the guest of Mrs. Mary Corcor.

Rev. and Mrs. Cook, of Baltimore are spending some time here as guests of her mother, Mrs. Betsey. Also, Mr. and Mrs. Wal-Stok, of Baltimore.

Mrs. Eddie Patterson and daughter, Jaquette have returned home after spending an extended vacation.

Crimson Clover Seed

The Government is handling Crimson Clover Seed diversely this year than last. Instead of furnishing this seed, the AAA will pay you 15¢ per lb. for the seed used, not to exceed \$4.00 per acre.

There is nothing better than Crimson Clover for seedling at this time, as a land improver, cover crop, and pasture. We can supply your needs at 22¢ per lb. providing you place your order now. The crop is short; the price is advancing.

CLOVER — RYE GRASS MIXTURE
Crimson Clover and Rye Grass 15 lbs. each per acre is an excellent mixture for seedling now and carries AAA allowances. Rye Grass 13 1-2¢ per lb.

Please let us know at once how much Crimson Clover and Rye Grass you will need.

New Jet Plane Is Faster Than Sound

Reaches Speed Higher Than Ever Before Known.

SWAMPSCOTT, MASS.—A super jet propulsion engine, the most powerful aircraft engine in the world, was unveiled here recently.

Details were revealed at the end of a three-day jet propulsion and gas turbine conference—the first of its kind ever held.

The engine, used to drive the army air forces Lockheed P-80, was developed by General Electric engineers and is being produced at its West Lynn plant for the army air corps.

The super jet engine drives the P-80 Shooting Star faster than any other plane has ever flown. It develops a speed which engineers hint is faster than the 730 mile an hour speed of sound.

Force from the engine is so terrific that steel fences must be placed in front of the jet during tests to prevent break walls in the testing laboratory from being blasted to bits.

The engine generates virtually no vibration—eliminating a factor which causes much pilot fatigue. It has only one moving part—an impeller and turbine connected to shaft. Frequently the air condensed by the impeller is 50 degrees below zero, while that pouring through the turbine buckets is 1,200 degrees Fahrenheit or more.

The super jet engine when at full speed has a deafening sound which can be heard for miles. It is built to be easily mounted so that it can be installed in a matter of minutes. Any type of fuel, including kerosene, can be used to power the super jet engine.

Brig. Gen. Lawrence C. Craigie, deputy chief of the air technical service command's engineering division and first American army officer to fly a jet plane, said that the United States would be making a big mistake if it did not continue its development of the jet propulsion field.

"We have within reach a new concept of military aircraft which will render obsolete and impotent the military airplane which played such an important role in the defeat of Germany," Craigie said.

Takes Lot to Sink One
Of Uncle Sam's Ships

WASHINGTON.—A torpedo from a U-boat clipped off the stern of the destroyer escort Fogg, but her crew got her safely to a friendly port 400 miles away.

The action occurred last December 20 north of the Azores in the Atlantic but the navy withheld the story until recently. The Fogg has been repaired and is ready to fight again.

The torpedo ripped into the ship just aft of the deckhouse when she turned to give assistance to a disabled landing ship in a convoy. The explosion hurled the Fogg's funnel into the air and the entire stern section began to settle.

Within minutes, a third of the ship was flooded. A bulkhead thwartships kept her afloat, however, until the remaining two-thirds of the ship could be made watertight.

Finally, the entire stern section sheared off.

The remainder of the ship retained buoyancy and another vessel took the Fogg in tow. A jury rudder was rigged up, the ship was ballasted, and eventually the Fogg was taken in tow and returned to the United States.

More Than 865,000 Japs Died Fighting Allies

WASHINGTON.—More than 865,000 Jap soldiers and sailors have died for their emperor since they went to war with the United States and Great Britain. Unfolded thousands more have died in China.

A study of reports, based on actual counted dead and on estimates, shows the enemy has suffered approximately 865,000 killed in land campaigns, including troop ships sunk, and 250,000 navy dead.

American dead in all theaters were reported recently at 156,471 for the army and 38,649 for the navy.

Plan Training of Polio Emergency Volunteers

NEW YORK, N. Y.—A nationwide program for training women volunteers to qualify as physical therapists aides and assist in the care of polio patients in preparation for seasonal outbreaks of the disease was announced recently by the National Foundation for Infantile Paralysis. Basil O'Connor, president of the foundation, said that the aides would be known as polio emergency volunteers and would serve to relieve the present shortage of nurses and physical therapists.

Wearing of 'PW' Has Become Dangerous Fad

NEW YORK.—The army says "wearing" to the latest teenage fad—wearing PW or prisoner of war initials on their backs. Two reasons were given for the official disapproval. Such a practice among high school youngsters might hamper a search for real escaped PWs and the army is authorized to shoot a person wearing such markings if he refuses to halt.

Minute Make-Ups

By GABRIELLE

Do you know that hangnails are usually the result of excessive dryness of the cuticle? Do you know that the test of a good foundation cream or liquid is whether it will cling to the skin and prevent perspiration from spoiling your makeup?

Let's syndicate—WNN Features.

"GAY GADGETS"

Associated Newspapers—WNN Features

BY NANCY PEPPER RECORD-BREAKING FARTY

No, you don't go around smashing your nose into the ground. (And don't you do it for "Gee, Baby, Ain't I Good to You?" But you DO break records for party giving when you carry out this brand new idea.

The invitation—Fold some black paper in half and cut out a circle, about five inches in diameter. Don't cut the circles apart. Leave enough on one side so that you can open the two circles, like a little book. Paste a little white disc in the center of the invitation written in white ink. Be sure to tell every guest to bring the invitation to the party.

The Mixer—If you've invited 20 guests—10 boys and 10 girls—you should have 10 records on a table where everyone can see them.

The titles correspond to those on the invitations. Boys and girls match up their titles to correspond to the records. For instance, the boy who has "Drinking Rum and Coca Cola" pairs off with the girl who has "One Meat Ball."

Elimination Dance—Play bits of the different records for the first elimination dance. Couples are eliminated as either of their songs are played. Take it from there!

BLUES IN THE NIGHT
I dreamed that I was singing
With our high school band,
When Harry James rushed up to
Shake me by the hand.
"Who's Dinah Shore?" he shouted
"Grab—who is she?"
Compared to you they're slipping—
"Come and sing with me!"

WILL U. WORRY SAYS...

"You'd better get scared!"

"That's right... scared about whether your car will really see you through.

Already, it's probably the oldest car you ever owned... with a long way still to go...

"And summer's extra hard on cars. Heat increases friction wear on moving parts. Batteries often run dry. Tires take a terrible beating...

"So get a little scared... and see your Esso Dealer right now. Let him put in fresh summer-grade Esso Motor Oil. Let him give you correct summer-protective lubrication.

Let him check your battery and tires. Don't risk wear that needn't happen. Protect yourself today..."

Be safe... not sorry... see your Esso Dealer and SAVE THAT CAR!
